

Choose Breakfast Cereals That Are Lower in Added Sugars in the Child and Adult Care Food Program

All breakfast cereals served in the Child and Adult Care Food Program (CACFP) must contain no more than **6 grams of added sugars** per dry ounce.

There are many types of cereal that meet this added sugars limit. You can use any cereal that is listed on any State agency's Women, Infants, and Children (WIC)-approved cereal list. You can also find cereals that meet the added sugars limit by using the Nutrition Facts label and following the steps below:

1 Use the Nutrition Facts label to find the **Serving Size**, in grams (g), of the cereal.

2 Find the **Added Sugars** line. Look at the number of grams (g) next to Added Sugars.

3 Use the serving size identified in Step 1 to find the serving size of the cereal in the table below.

Serving Size*	Added Sugars
If the serving size is:	Added sugars must not be more than:
12–16 grams	3 grams
26–30 grams	6 grams
31–35 grams	7 grams
45–49 grams	10 grams
55–58 grams	12 grams
59–63 grams	13 grams
74–77 grams	16 grams

4 In the table, look at the number to the right of the serving size amount, under the “Added Sugars” column.
If the cereal has that amount of added sugars, or less, the cereal meets the added sugars limit.

*Serving sizes here refer to those commonly found for breakfast cereals.

Cereals To Serve in the CACFP*

Cereal Brand	Cereal Name	Serving Size	Added Sugars (g)
<i>Healthy Food Company</i>	<i>Nutty Oats</i>	<i>28 grams</i>	<i>5 grams</i>

*The amount of added sugars in a cereal might change. Even if you always buy the same brands and types of cereal, be sure to check the serving size and amount of added sugars on the Nutrition Facts label to make sure they match what you have written in the list above. All cereals served must be whole grain-rich, enriched, or fortified.

Answer to “Test Yourself” activity on page 1: The cereal has 4 grams of added sugars per 30 grams. The maximum amount of added sugars allowed for 30 grams of cereal is 6 grams. 4 is less than 6, so this cereal meets the added sugars limit.
